SBA's Renewed Focus

Moving Forward with Excellence

GOAL:

To Meet or Beat the Guaranty
Purchase Brand Promise to Lenders
and Respond to all Liquidation
Requests in a Timely Fashion

KEY SUCCESSES:

- □ Have delivered 45-day turnaround on all incoming "Reviewable" Purchase Packages accepted under the brand promise since November 1, 2007.
- □ Created a <u>Center/ Field Customer Service Model</u> that facilitates the submission of "reviewable" purchase packages, assists in resolving purchase request issues, and monitors lender servicing satisfaction.
- □ Developed a <u>Standard, Auditable, Purchase Review Process</u> which includes the 10-Tab purchase package, Purchase Operations Manual, and automated recommendation process.

The new GP process has been redesigned to eliminate redundancies and improve timeliness of the purchase

Key Features of New Process

- Process has been redesigned to eliminate redundancies and increase customer satisfaction.
- Rewards Lenders that submit complete purchase packages using the 10-Tab System.
- Complete and auditable purchase packages are accepted under the brand-promise and processed generally with 20-25 days. Overall turnaround is 30 days.

The new GP process has been redesigned to eliminate redundancies and improve timeliness of the purchase

Key Features of New Process

- New Quality Assurance Process
 - Provides an "in-house" appeal process in Herndon.
 - If a guaranty purchase is recommended for denial or contested repair, the staff in Quality Assurance Division reviews the case to ensure the recommendation is appropriate.
 - The QA staff reviews the file, works with the lender to discuss the issues and obtains any additional information relevant to the case before sending the file to Headquarters.
 - If the QA staff agrees with the original recommendation, the case is forwarded to HQ for final decision.

The new GP process has been redesigned to eliminate redundancies and improve timeliness of the purchase

Key Features of New Process

Quality Assurance Policy Forums

- The Center has developed QA Policy Forums.
- It is a group of representatives from various SBA offices that meets periodically in Herndon and via conference call to discuss:
 - Clarifications to policy interpretations
 - Materiality of various errors and omissions
 - Establishing consistent, practical, applications of policy in making purchase decisions.

Guaranty Purchase Flow

- The SBA regulations established the "Rule of Two" that all of the Centers must follow.
- This requires that one SBA official make a recommendation and another approve it.
- We are also required to have an attorney review each purchase request.
- Every purchase request is reviewed by a minimum of three SBA employees.

Guaranty Purchase Flow

- Intake
- Screening
- Legal 1
- Financial Review
- Legal 2 (if charge-off is recommended or deficiency was identified during purchase review)
- Approval
- Quality Assurance
- Headquarters (final review for contested denials and partial denials)

Under 13 CFR 120.520(b), SBA is not obligated to purchase the guaranteed portion of a loan unless a Lender has submitted to SBA documentation that SBA deems sufficient to allow SBA to determine whether purchase of the guaranty is warranted. Additionally, under 13 CFR 120.50(c), a lender's failure to provide sufficient post-purchase documentation may lead to an initiation of an action for recovery from the lender for moneys paid by SBA to a registered holder on a guaranty. For these reasons, SBA has the right to request additional documentation other than the items listed on this index, and the Lender must comply with SBA's request.

Tab 1- Making Demand

Moving Forward with **Excellence**

Demand that SBA Honor Its Guaranty

Required

In order for SBA to process the guaranty purchase request, the lender must use the preformatted Demand Letter, signed by an authorized officer of the lending

If the purchase has already occured and you are submitting a post purchase package no demand letter is required. Simply check this box.

Prior to Submitting Purchase Request

- The Lender must contact the appropriate SBA Servicing Center to request that the loan be placed in liquidation status and transferred to the NGPC.
- The LowDoc program requires lender to liquidate business personal property prior to requesting guaranty purchase, unless in litigation or bankruptcy.

Has business personal property been liquidated?

For all loans approved on or after May 14, 2007, the lender must liquidate all business personal property prior to requesting guaranty purchase unless the borrower has filed for bankruptcy or the loan has been sold in the secondary market and the lender has declined to purchase.

Has all business personal property securing the loan been liquidated?

 The regulations require that a demand for purchase be submitted within 180 days of maturity of the loan or within 180 days of the completion of liquidation or debt collection litigation in connection with a matured loan. Please check the maturity date of this loan to ensure that the loan is within these guidelines since SBA will be released from its guarantee if it is not. If the maturity occurred more than 180 days ago, please provide a written explanation why demand was not made.

Demand that SBA Honor Its Guaranty

- Please be sure to read Tab 1 carefully and answer the questions presented.
- LowDoc loans must be fully liquidated prior to requesting purchase.
- Loan approved on or after May 14, 2007, must have all business personal property liquidated prior to guaranty purchase.

Executed Loan Authorization and Any Amendments

Required

The Loan Authorization is the most important document in your purchase package request. The Loan Authorization contains the terms and conditions the lender must meet in order to validate the SBA Guaranty.

Please use your Loan Authorization and instructions on each tab to determine which documents are required for submission.

Please note that if there is a companion loan(s) associated with the loan for which you are requesting purchase, you must include a copy of the Loan Authorization for that loan as well

Does the loan for which you are requesting purchase have a companion loan(s)?

> □ Yes □ No

If Yes, please include a copy of the Loan Authorization(s) for that loan and write the loan number(s) in the space provided below:

Companion Loan Number(s)

Companion loans are broadly defined as SBA Guaranteed loans originated by the same lender to the same borrower.

 NOTE - For 7(a) Recovery Act loans, approved by SBA on or after 2/17/2009. Lenders must ensure that the Loan Authorization includes additional documentation requirements, restrictions and mandatory certifications outlined in the law (P.L. 111-5). Specifically, the required language pertaining to compliance with immigration laws and borrower certification of hiring practices for loans made under Section 502 of the Recovery Act of 2009; and, allowable uses of Recovery Act funds for loans made under Sections 501 and 502 of the Recovery Act of 2009.

Executed Loan Authorization and Any Amendments

- The most important, required document in the guaranty purchase process is the Loan **Authorization AND any Amendments**
- · Read this document carefully, as it will dictate what documents will need to be provided later
- At this stage pay particular attention to collateral taken, use of proceeds, lien positions, and guarantors as they will be critical on later tabs
- Include ANY loan modification documents as well as deferments, workout agreements, interest rate adjustments, and payment revisions. Center staff only need to know that they occurred and were properly executed. SBA generally will not guestion prudent decisions by the lender if they are documented and executed properly.
- Please be sure to include information on companion loans.

Settlement Sheets (SBA Form 1050) Required The Settlement Sheet and all its requirements are mandatory for all loan disbursements. A key element in the review process is determining that loan proceeds were used in accordance with the Loan Authorization. A separate SBA Form 1050 (Settlement Sheet) with supporting documentation is required for each disbursement. It must be signed by lender and borrower. For loans made prior to 8/1/2008. For loans made on or after 8/1/2008, only the initial settlement sheet is required, however, documentary evidence is required for all disbursements. Documentary evidence (copies of the cleared joint payee checks, bills of sale, and paid invoices as applicable) for each disbursement must be itemized and attached to each Settlement Sheet (SBA Form 1050). Include totals for each Disbursement category. Documentary Evidence (Please check which items will be attached) ☐ Copies of cleared joint checks ☐ Paid Invoices □ Bill of Sale Please see example below: For 7(a) Recovery Act Loans of 2009 Was working capital financed with loan proceeds? If Yes, provide mandatory certification executed, prior to disbursement, by the Borrower and/or Operating Company certifying that no funds obtained from the working capital loan would be used for restricted purposes. Was this loan funded with Recovery Act Funds for a Project with Restricted Uses? Yes ■ No If Yes, (a) provide Credit Memorandum (even if the loan is not an early default) documenting that use of proceeds do not include financing restricted uses, and, document the other resources that cover the financing component of restricted uses; and, b) provide Borrower and/or Operating Company mandatory certification, prior to first disbursement, that alternate funding proceeds have been obtained to finance restricted uses of the

General Information

What is NGPC Evaluating?

Moving Forward with Excellence

The Four Facets of a Guaranty Purchase Review

- Origination: Determine that the loan was originated in accordance with regulations and Standard Operating Procedures in place at the time of origination.
- Closing: Evaluate whether the loan was closed in accordance with the Loan Authorization.
- Servicing: Evaluate whether the servicing of the loan was in accordance with the loan documents, regulations, and prudent lending practices – and whether those actions caused harm to the Agency.
- **Liquidation:** Evaluate whether the liquidation and collection on the defaulted loan was prudent and followed program guidelines.

Possible Outcomes of a Purchase

Moving Forward with Excellence

Possible Outcomes of Guaranty Purchase Review

- Purchase: Purchase request is complete, there is no harm to the Agency, and meets all criteria for honoring the payment in full. A decision to fund is reached within the 45-day Brand Promise.
- Repair: A decision is reached to honor the guaranty, but not in the full amount, due to a material deficiency during origination, closing, servicing, and/or liquidation.
- Denial: A decision is reached to deny the guaranty in full. This must have headquarters concurrence.
- Cancel/Terminate: Based on the facts of the case, the lender chooses to cancel or terminate the guaranty.
- Withdraw: Lender needs more time to collect documents and provide additional information, therefore withdraws the request. The guaranty is still in full effect and the purchase request can be made anytime thereafter.

Materiality

Materiality

- NGPC focuses on 'material' deficiencies that cause a significant loss or harm to SBA, or are a matter of program integrity
- Origination and Closing Actions
 - Examples: Eligibility and franchise issues, Lack of equity injection (early defaults), missing IRS verification (early defaults), lack of evidence of disbursements
- Servicing Actions
 - Examples: Improper subordinations, unjustified release of collateral or guarantors, lapse of liens, and Lender preference issues
- Liquidation Actions
 - Lack of timely site visits after default or adverse event which causes a loss to the Agency
 - Lack of comprehensive inventory at time of site visit which causes a loss to the Agency
 - Failure to maximize recovery (deficient pursuit of collateral or obligors)

Helpful Purchase Tips

Moving Forward with Excellence

- Providing a complete package with executed tabs ensures quick processing. Be sure to include all required documents and answer all questions on tabs.
- Inform us proactively of missing documents and deficiencies so we don't have to stop the process to ask.
- Build your loan file at origination using the 10-Tab system to ensure that all documents are present at origination.

Top Reasons for Repair and Denial

Moving Forward with Excellence

Lien and Collateral Issues that Result in Missed Recoveries (Generally a Repair)

- Failure to obtain required lien position
- Failure to properly perfect security interest
- Failure to fully collateralize loan at origination when additional collateral was available

Unauthorized Use of Proceeds

- Proceeds disbursed for purpose(s) inconsistent with the loan authorization or subsequent modifications without a business justification. (Could be a Denial if early default and improper use of proceeds caused the failure of the business)
- Same lender Non-SBA loan paid with PLP loan proceeds (preference)

Top Reasons for Repair and Denial

Moving Forward with Excellence

- Liquidation Deficiencies (Generally a Repair unless harm is the full value of the outstanding balance)
 - Failure to conduct Site Visit which resulted in missed recoveries
 - Improper safeguarding or disposition of collateral which resulted in missed recoveries
 - Misapplication of recoveries to lender's loan when SBAguaranteed loan has lien priority
- Undocumented Servicing Actions (Generally a Repair)
 - Liens not properly renewed during servicing on worthwhile collateral
 - Release or subordination of collateral without documented business justification
 - Allowing hazard insurance to lapse on major collateral and collateral was subsequently destroyed
 - Failure to maintain life insurance on principal and principal subsequently dies

Top Reasons for Repair and Denial

Moving Forward with Excellence

Early Defaults (Denial if determined to be reason for business failure)

- Missing or unsupported verification of required equity injection (includes verification of source in some cases)
- Missing or unsupported documentation of verification of borrower financial information with IRS when financial information was relied on in lender's credit analysis

SBA Loan Eligibility (Denial)

- Ineligible franchise
- Ineligible loan purpose
- Ineligible loan recipient (loan to an associate of lender)

Care and Preservation of Collateral (CPC) and Legal Expenses

Care and Preservation of Collateral (CPC) Tabs

Requirements for Reimbursements

In order for SBA to process your request for reimbursement of expenses the following tabs must be completed. Please be sure to complete all information requested and provided the appropriate supporting documentation as noted.

SBA requires copies of detailed invoices to support all reimbursements and expenses deducted from liquidation proceeds. Copies of invoices should clearly identify what service was provided, date of service, by whom, at what location (at the Commercial or Residential Real Estate or other site) and the costs involved. SBA will not be able to reimburse expenses using Lender's internal memos, spreadsheets, accounting records, or other internal documents. Lenders must submit actual invoices on vendor/service provider letterhead detailing service location, service provided,

Please limit expense reimbursement requests to quarterly or \$5000 or more.

NOTE: Please be sure to explain any unusual services or unusually high fees or expenses.

The attached tabs have been provided to facilitate an efficient process to review and process requests for reimbursements.

- We recently created a new tab system for lenders to submit requests for CPC and Legal Expense reimbursement.
- These tabs are similar to the 10-Tabs for the purchase process, in that they guide you through what we need and why, to ensure proper submission the first time.
- They can be used to submit reimbursement requests at the time of purchase or anytime after
- The new tabs are available at www.sba.gov/banking in the forms library and under the liquidation section of the NGPC website.

- All OICs must have SBA approval.

- The two servicing centers and NGPC collaborated to create the Unilateral Action Matrix.
- This document is designed to assist the lenders in understanding what actions require SBA approval, SBA notification, and are unilateral.
- During the purchase process we are concerned with materiality and harm. As long as the actions you take are documented, prudent, and don't cause harm to the Agency, the Center will generally not be concerned with them at the time of purchase. 35

Quarterly Status Reports

- Lenders are responsible for keeping SBA informed of liquidation activities after purchase.
- Lenders should provide this information via the Quarterly Status Report.
- Send Reports to <u>sbachargeoff@sba.gov</u> or mail to NGPC.
- The future of Quarterly Reporting...

Wrap-Up Reports

- When you are satisfied that all collection efforts have been exhausted and liquidation is complete, you should notify the Center immediately so that we may charge-off the loan.
- Our goal is to charge-off a loan as soon as it is ready. We rely on our Lending Partners to keep us apprised of the status of each of their loans.
- When you believe a loan is ready for charge-off, please prepare and submit a final wrap-up report to <u>sbachargeoff@sba.gov</u> or mail it to NGPC.
- A sample format is available at on the NGPC website.
 Click on the Liquidation Process link and refer to the "Closing the Case" section

Why Do We Need To Hear From You?

- Our current portfolio of purchased loans in liquidation status includes 1,168 lenders.
- 88% of the lenders have less than 10 loans in their portfolio.
- 45% of the lenders have only 1 loan.
